CALL FOR ABSTRACTS deadline August 31, 2009

Gary J. Brauner, MD

Dear Friend of the ISDS,

Willkommen- welcome—please join all the rest of your dermasurgical friends and peers at our Celebratory 30th Annual International Congress of Dermatology, this time in classic and beautiful (Wien) Vienna, Austria. It is hard to believe our society has been educating physicians around the world for three decades now and continues to find new avenues for advancing our education. Dr Matthias Sandhofer and Dr. Gerhard Sattler have put together an imposing program preceded by an Anatomical Workshop, 9 Breakfast Sessions, 2 Live Surgery Workshops, 6 Precongress Workshops and 4 Master Courses additional to the outstanding Scientific Program. Former presidents of the ISDS will share their life long experience in a special Anniversary Session.

This all together will satisfy everybodys needs surrounded by the typical ISDS Social Program.

Looking forward to greeting you all and sharing our knowledge together,

GARY BRAUNER MD

President, ISDS

Matthias Sandhofer, M.D.

Welcome to Vienna

It is a pleasure to invite you on behalf of the ISDS to the 30 th anniversary meeting of our society.

Our theme is "Hidden Treasures of Dermatologic Surgery". Dermatologic Surgery is one of the fastest growing disciplines despite the economic crisis. The knowledge of fundamental dermatologic and anatomical basics in combination with new techniques and technologies is the key to future developments. This dynamic process is enhanced through the participation and contribution of colleagues from all around the world.

Vienna as gate between east and west in Europe and cultural metropolis with a long tradition in medicine and dermatosurgery suits particularly well to host this important event. Together with our past president and program-chair, Gerhard Sattler, we will attempt to make a good blend of scientific and cultural program with the harmony of a composition of Mozart or the swing of a waltz of Strauss. I am looking forward to greet you all in Vienna at the Hilton Hotel in November.

MATTHIAS SANDHOFER, M.D.

Congress President

Gerhard Sattler, M.D.

To all who cherish Dermatologic Surgery!

The ISDS has taken the field of education one step further in this year's annual meeting in Vienna. Dermatologic Surgery is facing the responsibility to play the role of an interlocutor between the different medical specialties as of Dermatology, Plastic Surgery, Anatomy and Anti-Aging Medicine including Internal Medicine, Endocrinology and Sport Medicine.

Modern cosmetic dermatologic surgery encourages serious aesthetic demands of patients who are in need of enhancement of their outer appearance as well as their prospective physical and endocrinologic well-being.

For the first time the ISDS Annual Meeting is being held in Vienna in cooperation with the Austrian Academy of Cosmetic Surgery and with the Austrian Society for Dermatologic Cosmetology and Antiaging of the Skin. This global approach of finding answers for multidisciplinary questions of skin aging and age related disorders of the skin is a new and exciting development in how far our understanding in our field has come.

For every one of us, Vienna will be a milestone to understand where we are coming from and where we are heading to. Come and participate as well as benefit from an outstanding faculty and an excellent scientific program. Join us for education, for friendship and for once in a lifetime social program experiences.

„Welcome in Vienna, can't wait to see you"

ADVANCED REGISTRATION

The advanced registration deadline is September 15, 2009. This means that the congress office must receive all advance registrations and payments by this date. The deadline will allow us to adequately plan and confirm your participation. All attendees are strongly encouraged to register in advance for the meeting space is limited and registration will be granted on a first-paid basis only.

OFFICIAL LANGUAGE IS ENGLISH

SPOUSES AND GUESTS

It is always the Society's pleasure to welcome the spouses and families of meeting registrants; however, each guest is required to purchase a special spouse badge in order to participate in any social event.

CME CREDIT

The International Society for Dermatologic Surgery's 30th Congress is a CME credit points recognized meeting.

REGISTRATION CONFIRMATION

Each attendee registered in advance will receive a confirmation of registration by the congress office. Please bring a copy of your registration confirmation letter to on-site registration to speed up the process. If you do not have a confirmation letter and there is no record payment receipt by the congress office, you will be required to provide payment on-site, even if you think a payment was remitted previously. Any duplicate payment resulting will be resolved following the meeting.
