

**Cosmetic Breast Surgery
Live Surgery / Hands-on Workshop
November 19-21, 2010**

**Privatklinik Lisborg & Partner
Feldkirchnerstrasse 217
9020 Klagenfurt, Austria**

Course Director: Peter Lisborg, MD, Austria
Faculty: Robert Jackson, MD, USA
Guillermo Blugerman, MD, Argentina
Loek Habemma, MD, Holland
Mario Gioia, MD Italy
Friedrich Anderhuber, MD Austria
Robert Schachinger, MD Austria
Matthias Sandhofer, MD, Austria

The aim of this workshop is not only to provide an understanding of the various techniques but also to enable Hands-on participation. We are planning at least eight live surgeries and for breast augmentations in local anaesthesia (at least 4 operations) we offer Hands-on participation. Augmentations will be carried out using silicone gel implants, giving participants a good opportunity to become familiar with this product. The principle of theory first followed by Hands-On demonstration will also be implemented for Mammoplasty and Gynaecomastia rounding off the program. Certificates of attendance and CMI credits will be provided by the Austrian Society of Cosmetic Surgery.

Preliminary Program

Friday 19.11.10

| | | |
|--------------|--|--------------------------|
| 08:00-08:10 | Welcoming Remarks | Peter Lisborg, MD |
